PROFESSIONAL EXPERIENCE

Director of Investment Operations and Accounting

August 2025 – Present

UJA-Federation of New York (Investment Office), New York, NY

- Leads investment operations and accounting for a \$3B endowment and pension portfolio invested with over 40 external managers across public equity, hedge funds, private equity, private credit and real assets; reports directly to the Chief Investment Officer (CIO).
- Serves as the CIO's operational right hand, taking ownership of audit, reporting, liquidity, manager administration, and other critical operating responsibilities so senior investment professionals can focus on portfolio strategy.
- Leads portfolio rebalancing and cash management; coordinates with brokers, managers, custodians and the accounting team to ensure accurate trade execution and settlement; delivers weekly cash position reporting and forecasting to leadership.
- Leads investor relations for the New York Jewish Institutions Investment Fund (JIIF), serving over 40 member institutions; oversees performance reporting, quarterly account statements, annual tax reporting, investor inquiries, and the annual investor meeting for current and prospective investors.
- Leads operational due diligence and coordinates legal reviews of prospective and existing investment managers. Responsible for the onboarding and offboarding of all investment managers. Manages software, consultant, and compliance vendor relationships, including contract negotiations and ongoing service oversight.
- Oversees monthly performance reporting and reconciliation to the custodian's book of record, serving as primary custodian liaison and reviewing valuations and transactions; partners with data scientists and accounting and operations analysts to automate these workflows, reducing processing time, strengthening controls, and redirecting team capacity toward higher-value initiatives.
- Manages the annual audit, and financial statement preparation for both the endowment and pension portfolio with the external auditors, ensuring portfolio reporting meets governance standards.
- Manages and develops four direct reports, setting review standards and holding the team accountable for accuracy and deadlines.

Senior Fund Accountant

April 2023 – August 2025

IRR Group (Family Office/Investment Firm), New York, NY

- Built internal controls and accounting and reporting processes from the ground up during IRR's startup phase, establishing the firm's financial operating infrastructure.
- Designed and executed monthly, quarterly and annual investment reporting, partnering with cross-functional management teams; reviewed and reconciled net asset value and investment performance across more than 50 entities.
- Oversaw financial activity and reporting for diverse asset classes, including Private Equity, Venture Capital, Hedge Funds, Cryptocurrency and Public Equities.
- Designed and led treasury and forecasting workflows, analyzing cash flow requirements and optimizing liquidity management to support strategic investments.
- Prepared and reviewed capital calls, distributions, trustee fee calculations, loan calculations and wire payments across the entity structure; reviewed management and incentive fee allocations for compliance with fund agreements.
- Led technology initiatives, implementing data feeds between investment and accounting platforms, deploying AI data extraction tools to automate daily operations, and introducing Power BI across reporting workflows.
- Prepared and reviewed IFRS audited financial statements for the investment firm and management company, managing the audit through timely completion.
- Supervised accounting staff through mentorship and performance management and managed outsourced providers to ensure timely and accurate delivery.

Accounting Advisory Manager

May 2021 – April 2023

CFGJ, New York, NY

- Provided cost-effective solutions that improved clients' processes by developing standard templates for cyclical processes.
- Worked with Private Equity firms to develop initial financial statements as well as quarterly and annual reporting requirements in compliance with GAAP.

- Worked with client management teams to understand unusual, complex or extraordinary transactions and events and develop appropriate responses to improve productivity.
- Helped a large private client in the Significant Equity Group administer stock compensation and equity distribution; forecasted equity values and evaluated equity buyouts for incoming employees.
- Built strong client relationships that led to project extensions and new engagements.

Audit & Assurance Senior II

July 2018 – May 2021

Deloitte, Parsippany, NJ

- Served clients in alternative asset management, specializing in real estate across REITs, private firms and property managers.
- Led teams of up to 10 U.S. and 10 international auditors, plus IT and Tax specialists, to execute audit plans, meet deadlines and manage client meetings; reported team status to upper management and mentored junior staff.
- Performed review and audit procedures on SEC filings, including Forms 10-K, 10-Q and S-1, as well as private engagements.
- Delivered accounting and reporting services, including implementation of new accounting standards (ASC 842, ASC 606).
- Prepared and reviewed audit work papers covering securities valuation, management and incentive fee calculations, waterfall calculations, debt covenants and asset impairment.
- Reported on the effectiveness of internal controls for SEC-registered clients and served as liaison to clients' internal audit functions.
- Performed risk assessments, data analytics and financial reviews for large public clients; presented audit findings and recommended business process improvements to client management.
